

AFTER YOUR IMPLANT:

- 1) Take 400-800 mg of Ibuprofen (Advil) 3 times a day for 3 days.
- 2) Rinse with ½ oz chlorhexidine 3 times a day until sutures are removed.
- 3) Take 500 mg Amoxicillin 3 times a day until prescription is finished.
- 4) Take Vicodin 3 times a day as needed for pain. OK to take with ibuprofen.
